

28 Jun 01

1. SITUATION

- a. Enemy Forces. As designated in the Training Plan.
- b. Friendly Forces. PHIBCB TWO and attached PHIBCB TWO reserve augment detachments.

2. MISSION. When ordered, deploy to Camp Rodes, Fort A. P. Hill, to establish an Admin camp, including force protection, and perform field exercise training.

3. EXECUTION

a. Concept of Operations. PHIBCBTWO shall deploy and accomplish its camp construction, military defensive, and readiness missions, providing Construction support to Fort A. P. Hill Training Dept.

(1) Tasks

(a) Embarkation. Perform line haul operations from NAB Little Creek and from MCB Quantico to A. P. Hill. (Alfa Co/Embark)

(b) Command Operations Center (COC). Establish command and control of all tent camp Admin, Ops, and Training activities.

(c) Convoy Operations. Perform convoy operations, emphasizing proper preparation of vehicles, full accountability of all vehicles and personnel, proper convoy procedures, communications procedures, and checkpoint procedures. (Alfa Co/Embark)

(d) Camp Enhancements. Perform contingency camp enhancements including an observation tower and command post bunker. Confirm procurement of necessary materials by 02JUL01. (Charlie Co)

(e) Camp Support. Provide and erect: a circus tent to support galley operations, and a GP large tent for MWR. Utilizing Fort A. P. Hill assets, erect berthing and other support tent facilities as required. Provide outside lighting and electrical distribution as required. (Charlie Co/MWR)

28 Jun 01

(f) Patrols/Land Navigation. Perform small unit patrols, emphasizing map reading, use of a compass, pace counting, small unit formations and night navigation to accomplish missions tasked by COC. (S-2)

(g) Small Unit Infantry Training (SUIT). Perform as a small tactical unit, demonstrating command control, small unit integrity, and time management. Emphasis will be on the use of the Squad Leader Handbooks. All hands will participate in the Leader's REACT Course. (S-2)

(h) Entry/Exit Control Point (ECP) Ops. Perform extensive ECP operations, including barriers and barricades, crowd control, use of working dogs, and vehicle searches. Lock-on availability of working dog teams by 02JUL01. (CMAA)

(i) Non-Lethal Weapons Training. Provide training in hand-to-hand combat, use of the baton, and techniques involving partners and teamwork. Training will also be conducted in proper search and seizure methods, handcuff use, and the detaining and handling of POW's. (CMAA)

(j) Full Perimeter Security. Install tactical wire for the full perimeter. Perform security and roving patrols, security REACT, and night vision tactics. (S-2A, CMAA/Charlie Co)

(k) Weapons Range. Provide marksmanship training, range time for proficiency training utilizing the M-16 25 meter zero range and the M-16 pop up range. Demonstrate a final protective fire (FPF) as part of a Battalion live fire.

(l) Communications. Install camp phone and radio systems. Provide outside landline to COC. Provide communications support/training as required for patrols and convoy. (ETC)

(m) Medical/Dental Readiness. Perform annual check-ups, dental, shots, and records review. Secure use of necessary dental/medical vans, identify potential additional medical/dental teams by 08JUN01. (HMC/Medical)

(n) Helicopter Landing Zone (LZ). Establish/secure helicopter landing zone (LZ) area for medivac, and make medivac requests for evacuation of sick/wounded personnel.

b. Coordinating Instructions

28 Jun 01

(1) Timeline. Timeline for this evolution is 12-24 AUG 01. Major timeline events are:

(a) D-Day (-2): 12AUG01
 -S-2 advance party departs to Fort A. P. Hill.
 -Serial 1 includes forklift/lowboy Survey Liaison Reconnaissance Party. (SLRP)

(b) D-Day (-1): 13AUG01
 -Remaining S-2 personnel depart to Fort A. P. Hill
 -Serial 2 Line haul equipment from Quantico and NAB Little Creek to Fort A. P. Hill.
 -Provide Admin/Logistics support to receive/integrate SELRES personnel.
 -Serial 3 line haul added fork lifts/trailers to Fort A. P. Hill.
 -Check out gear from Fort A. P. Hill Camp Support shop and haul to Camp Rhodes.

(c) D-Day: 14AUG01
 -Embark MB to Fort A. P. Hill utilizing contracted bus service.
 -Establish camp.

(d) D-Day (+1 through +9): 15-23 AUG 01
 -3 Training Tracks: 15/16/17, 18/19/20, and 21/22/23 March.

(e) D-Day (+10): 24AUG01
 -Retrograde

(2) Training Cycle (Concept of Operations). Training (D+1 through D+9) will be conducted in three 3-day tracks, with the Battalion teamed in three sections of approximately 150 personnel cycling through each track. The intent is for each section to perform each particular aspect of tactical field operations, functioning independently- but in support of- the other two sections. Each section shall have a cross section of rating capabilities so that it will be self-supporting.

(a) Camp Track. Provides the day-to-day operations of the camp. Personnel will perform the regular in-camp tasks including internal perimeter security, ECP operations, vehicle dispatch, automotive repair, supply functions, MWR, embark,

28 Jun 01

medical, Command Operations Center (COC) responsibilities, and camp enhancement projects.

(b) Training Track. Provides block training in Land Navigation, Small Unit Infantry Training (SUIT), patrols and convoys, first aid, use of non-lethal weapons, LZ/medivac operations, Rules of Engagement (ROE)/Code of Conduct, and the Leader REACT Course.

(c) Ops Track. Provides range time for weapons proficiency on TOA weapon as well as annual Personal Chemical Biological, and Radiological (CBR) training including gas chamber (as needed). There will be a communication refresher course during this track. Personnel in this track will also act as aggressors for operations in the other two tracks, and other special projects as identified.

(3) Priorities of Work

- (a) Establish security
- (b) Establish communications
- (c) Establish security perimeter and ECP
- (d) Establish Command Operation Center (COC)
- (e) Position crew-served weapons
- (f) Establish deliberate defense
- (g) Erect berthing tents
- (h) Erect medical tent
- (i) Clear fields of fire (as applicable)
- (j) Prepare hasty fighting positions along perimeter for REACT Force
- (k) Coordinate fire support
- (l) Construct obstacles and barriers including a well developed ECP
- (m) Erect galley and messing tents
- (n) Bury overland communications wire
- (o) Construct command post bunker
- (p) Construct timber tower
- (q) Construct Special Projects

4. ADMINISTRATION AND LOGISTICS.

a. Berthing tents, lights, and head facilities, will be provided by the U. S. Army at Fort A. P. Hill. PHIBCB TWO will provide all other materials and supplies including GP tents for use in training, the galley circus tent, transportation for all Army-supplied tents, and batteries for MILES gear.

28 Jun 01

- b. Annexes: (Action Code/due date)
 - Logistics (S4/ 31 Jul 01)
 - Comm Plan (S2/ETC/ 31 Jul 01)
 - Training Plan (S2/S2A/ 31 Jul 01)
 - Team Rosters (S3/S3C/Team OIC/ 31 Jan 01)
 - Watchbills (S3/S3C/Team OIC/ 31 Jul 01)
 - Convoy Plan (including emergency redeployment plan) (A6/ 31 Jul 01)
 - Force Protection/Perimeter security (S3/S2A/ 31 Jul 01)
 - Camp Layout (S3/C6/ 31 Jul 01)

5. COMMANDS AND SIGNAL

a. OPCON/ADCON. PHIBCB TWO will remain OPCON/ADCON to Naval Beach Group TWO (NBG-2)

b. Acknowledge. Throughout the exercise operations in the rear area (NAB Little Creek) shall be limited to duty section communications and emergency response only.

c. SITREP to NBG-TWO. PHIBCB TWO shall send daily SITREP to NBG-TWO via E-mail.
